About Enko Botho

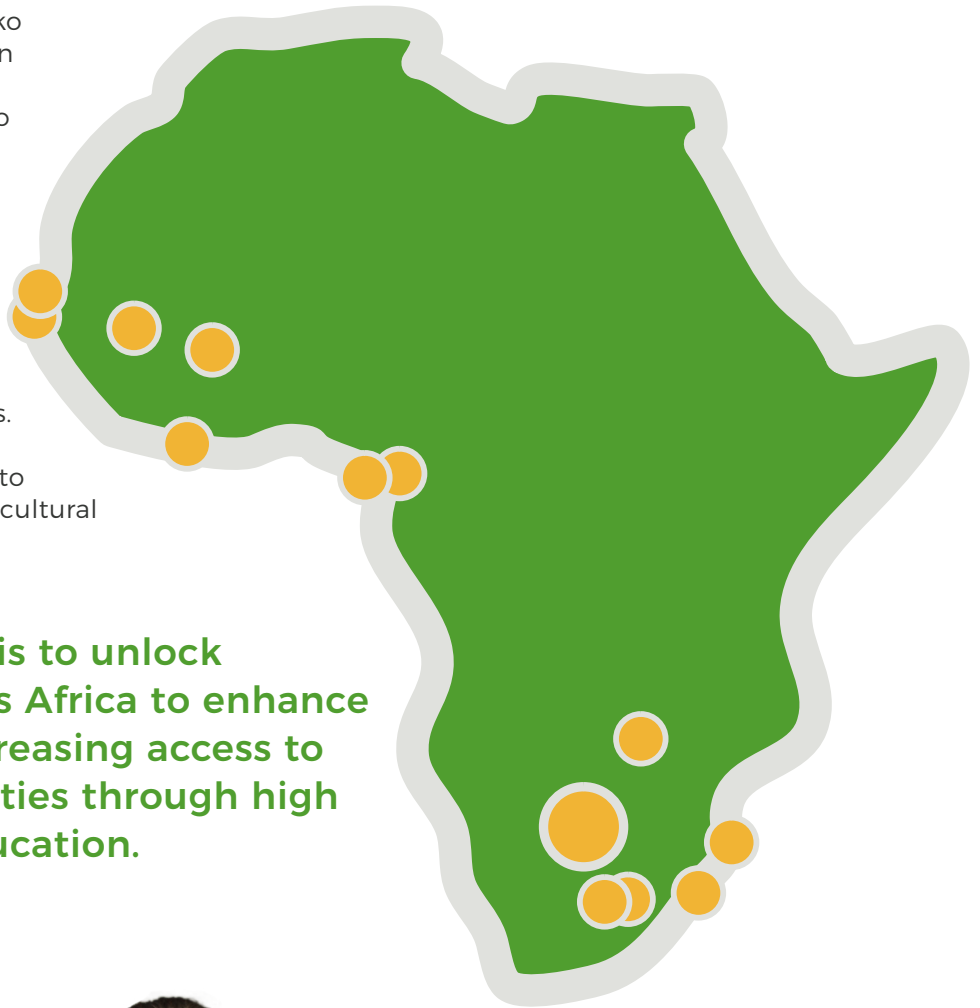

Part of a network of African international schools

Enko Botho is the 14th school of Enko Education, the first network of African International Schools, currently operating in 9 African countries. Enko Education is bringing its vision of empowering learners with quality education and holistic growth to Gaborone, Botswana.

The Enko Education experience enables students to unlock their full potential throughout their secondary school journey, in order to access the world's best universities. The curriculum and extracurricular activities are designed to contribute to the academic, social, emotional and cultural development of children.

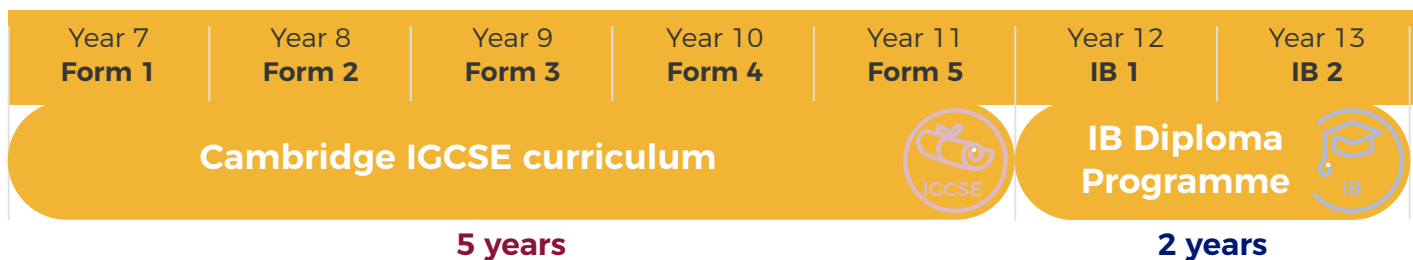

Enko Education's vision is to unlock learners' potential across Africa to enhance the global future, by increasing access to the world's best universities through high quality international education.

Our Curriculum

World-renowned international curricula

Enko Botho combines two of the world's most prestigious curricula in a 7-year programme, namely Cambridge Assessment International Examination in Form 1 through Form 5 (IGCSE), and the International Baccalaureate Diploma Programme (IBDP) in IB1 and IB2. In just 5 years students obtain their IGCSE and are then encouraged to pursue their studies with the IBDP.

CAMBRIDGE
International Examinations

The **Cambridge IGCSE** is the world's most popular international qualification for 14-16 year olds. It is recognised by leading universities and employers worldwide and is an international passport to progression and success. The curriculum offers a variety of routes for learners with a wide range of abilities, including those whose first language is not English. Throughout the IGCSE programme the learner will be evaluated through written, oral, coursework and practical assessment, and they are tested at the end of the course.

The **International Baccalaureate (IB)** is for 16-19-year-olds; there are over 5,000 IB schools in 150 countries. The IB is recognised by universities for the holistic and rigorous education it provides.

Combined, these programmes, prepare students to excel in over 10,000 universities worldwide.

Global Perspectives

Cambridge IGCSE Global Perspectives is a groundbreaking and stimulating course that stretches across traditional subject boundaries and develops transferable skills. The emphasis is on developing the ability to think critically about a range of global issues where there is always more than one point of view.

ICT

In Cambridge IGCSE Information & Communication Technology learners analyse, design, implement, test and evaluate ICT systems, ensuring that they are fit for purpose.

Enterprise

Cambridge IGCSE Enterprise is a unique syllabus that brings the world of business into the classroom and gives learners a clear insight into what it means to think like an entrepreneur. This is the first Cambridge IGCSE syllabus which asks learners to adopt the thoughts and actions of entrepreneurs, developing their knowledge and understanding of the practicalities of setting up and running their own new enterprise. Cambridge IGCSE Enterprise equips learners with a range of vital life skills for use in planning and organisation, communication and financial management.
