

## Enko La Gaiete International School

ISP-1 had a very eventful first month at Enko La Gaiete International School. In spite of being the youngest students in the school, they took on all the challenges with zeal and fought to be included in most things the upper classes were doing. This demonstrated their true spirit of CAS and of the love of learning.

*What a beautifully inspiring, intelligent and very active class!*

*The security of Enko La Gaiete is very organized.*

*They have security cameras, first aid kit, a guard, fire points and fire exits. So I think that the security is nice.*

Morgan

## The Cafeteria

*The cafeteria is where we buy food for lunch.*

*People also eat here everyday. They eat different foods*

*like: spaghetti, hamburger etc. . Beside the cafeteria is*

*where we play football and ping pong with my*

*friends like: Cedrick, Morgan, Samir, Julien, Yule and Derron I like ping pong because it is a very good game .*

*The cafeteria has a card to know who is eating with the planning on the card.*

*If you don't have a card you can't eat in the cafeteria.*

*It is very well secured. So the cafeteria is very good.*

Bastien

## SPORT

*We have many sports activities like: dancing (CAS), basketball, football, and I have an activity amongst these activities that I call my best activity and it is football but I also like basketball, and also I am in the group of basketball I like this sport activities and the teacher of sport is very nice. We have sports on Monday and we should play with a sport shirt.*

Cedrick

## CAS.

*Creativity activity service is the full meaning of CAS. CAS helps one not to be shy and helps to develop new talents. Enko is an international school offering Cambridge curriculum with CAS embedded. It is very interesting if you get to know this activity. So dear parents I advise you to send your children to Enko la Gaiete*

## CHELSEA

We learn **RESPECT**, politeness and we have rules and regulation of the class .some of them are ;we should be polite and respectful to your classmate, you behave yourself in or out of the class, do not insult your classmates so, parents we want to show you that ,Enko la Gaieté is a good school.

## Hygiene

Dear parents,

*In enko La Gaiete, the **HYGIENE** is very good. Especially in ISP1. The Girl's toilet is very clean but for the boys they always complain about their toilet.*

*Thank you very much for your attention.*

Marlene.

## OUR CLASS

*Our class is just extraordinary. The class is so well decorated. Our home room teacher is the best. She is called Mrs. Ebune Sylvia. She regularly gives us something to do either work or games. In class we have a cleaning schedule. Those who clean the class do so at the end of the day have so much fun while cleaning the class.*

AMBER

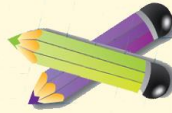

*This NEW SCHOOL YEAR has been awesome.. When you go to the school you want to enter in you go to a school coordinator or the head of school to give you a list of school supplies for parents to buy.*

CAMILLE

## The Uniforms

The habit of wearing uniforms is very common in the world. I really like the uniforms in Enko la Gaieté. On Mondays the girls wear a long sleeved shirt with a black suit and long grey trousers. The rest of the week we wear a grey skirt with a short sleeved, white shirt and a pullover. The boys are wearing long grey trousers all week long, on Mondays with a long sleeved, white shirt and the rest of the week with a short sleeved, white shirt and a pullover. With the uniforms you should wear black shoes. Things like too colorful ribbons etc. are not allowed.

Some rules concerning the uniforms are:

You should always wear your uniform when you are in school.

Always tuck your shirt into your trouser or skirt.

ISIS.

## Lessons

Dear parents,

We were assigned to write a newsletter talking of what we like in our class. Some are: subjects, lessons, teachers, cafeteria, security etc. I am very happy to right this to you.

I have chosen lessons because the lessons are very important for a child's brain. Especially bigger ones like DP2 students. At the beginning for new students like me you start with revision.

In ISp1 we learn some things that we never did in primary school. Some of them are Global Perspectives and Integrated Science. In Enko la Gaieté when we do Cambridge Arts sometimes ISp3, ISp2 and ISp1 assemble in ISp1 to do their arts and Crafts.

Enko la Gaieté is really a good school

Yule Yannis Moulet Ntjam

## THE ENVIROMENT OF THE SCHOOL

The environment of school is well taken care of. Clean the room every day and sweep the whole of the school. We can clean the school compound and Cantine and arrange the chairs so students do not fall and avoid to make people to go out.

CELINE

## CAMBRIDGE LEARNER PROFILE

Cambridge learner profile is the rule to follow at ENKO LA GAIETE. This consists of the following words:

**Confidence, reflective, responsibility, engaged, innovation** CONFIDENCE

means to feel sure about your abilities, qualities, or ideas. Reflectivite means to think deeply about things.

Responsibility means to do what you ought to do because is morally right or your duty to do it. Engagment means doing on a particular activity and to be involved in it. Innovation is the fact of being able to share with any other person. The cambridge learner profile consists of these words. Every one have to be able to respect this rule even the students that were at Enko La Gaiete before the students of ISP1. And I am sure every one would be able to respect this important rule.

NGIDJOL ESTELLE

## FRIENDS

DEAR PARENTS,

I want to tell you about the new friends I have at Enko La Gaiete. I have many friends already, they are: CAMILLE, CELINE, ESTELE, A, MBER, ISIS and many more and even though I have all this new friends I will never forget about my old friends

NDOLO

## TEACHERS

There are so many teachers in Enko La Gaiete like English (Mrs. Mendi), Home economics (Mrs. Ebune), ICT (Mr. Mafain), French (Ms. Vanessa), Art (Mr. Tonye), Geography/Global perspectives (Mr. Navti), Mathematics (Mr. Divine). My favorite teacher is Mrs. Ningo because she is teaching integrated science, I like integrated science because I want to learn all the types of medicines and any type of plants on earth.

SAMIR

## SUBJECTS

I want to talk about the subjects that we are learning in school. There is mathematics, English language, integrated science, global perspectives, home economics, ICT and Geography. My favorite subject is Geography because I want to know about the atmospheric conditions, clouds, the 8 planets, the solar system. My worst subject is English because it is difficult and you have to do conjugation. I don't like it. Gentleman and ladies, but for the fact mentioned above I like the subjects in Enko la Gaieté.

Julien

## Games

I would like to talk to you about Games at Enko la Gaieté because we play table tennis. We do sport on Tuesday and I like it because there is a canteen and the sell things inside the school compound. I like it because they play chess and scrabble and I like it because we play basketball on Wednesday and Friday. And I also like it because they are security cameras in the school, So that if somebody steals something from the school the director will know and the next day they will punish you.
