Enko la Gaiete International School Teacher: Navti Emmanuel

In this issue

Welcome to the first issue of our newsletter. You will find articles on a wide variety of topics.

ELECTIONS

Election is an act of choosing a person and giving them power, rights and privileges of making choices for other people. Elections in Enko La Gaiete took place on Friday the 30th of September 2017. It was my first time attending elections at Enko and the way it was carried out was surprising, interesting and different. In other schools, elections are carried out at the end of the school year but in Enko, it is done within the first month. The candidates had a very good and impressive campaign, their messages were clear and they did not make any empty promises. On the official Election Day, the candidates read out their speeches, they were very motivating and inspiring. It was obvious that each candidate had a goal to achieve and was confident. I enjoyed each presentation so much so that, when we were given the voting forms, I didn't know who to choose. Their speeches were captivating and influential. It has boosted my self-esteem to believe that I can do anything if I put my mind to it. I would like to thank all the candidates who took part in the elections for boosting my self-assurance. The candidates who were not elected were happy and supportive of the winners. By so doing, they portrayed the image of independent IB learners who are known to be RISK TAKERS.

My First Day in School

My first day in this school was very special, because every teacher especially Mme. NINGO and Mme. VANESSA were very caring and were also very welcoming. They gave us a baseline test, and every teacher who entered our class during their respective period gave us a baseline test too. They saw that our levels in each subject were lacking and have tried to improve on it. I will like to say that this aspect of Baseline exams is very good and it always be given to students at the beginning of each academic year.

Creativity Activity and Service (CAS)

At Enko La Gaiete we all need to be creative, that is to think deeply and bring out meaningful ideas to handle real-life situations. That is why CAS helps us to be active and to work hard in our studies and also contribute to help the community. We have to render services to show a good example to our community and make a difference between Enko la Gaiete and other schools.

My First Day at Enko la Gaiete

For my first day at ENKO LA GAIETE, I was afraid and surprised. Firstly, I was afraid because I did not know anything about IB schools and I'm a new student and when I came to my classroom, I was surprised maybe because I just saw only nine tables and chairs. But now it's easier for me to talk to people because I was a bit shy to speak English. Also, because I'm from a purely French school. So now I'm willing work hard to overcome my fears and challenges.

TEACHERS

Since I came to ENKO La Gaiete, I really liked all the people and especially the teachers and the way they teach. They really teach well and if I was to grade them, I would have a really strong problem because they are all on the same level. I encourage all the teachers to keep with that spirit so that we the students of Enko la Gaiete may have bright future..

My Home Room Teacher

I am in ISP4 and I am a new student. I really like the company of my class mates and our home room teacher by name Mr. Navti Emmanuel. He is really kind and makes you feel comfortable in class because he listens to everyone's opinion and also advises us on our studies. When we express our worries during Form Meetings he really listens to us. Even though I am new I really feel like I am one of the old Enko students because no one is hostile or mean everyone tries to interact with everyone and no one is left behind.

By Tiam Lea Marcelle

I think friendship is about our friends. It is not a bad thing to make friends but some things are important that we need to know. That is making the right choices about those we call friends. I wish to emphasize on this because, last academic year, some of the people I called friends influenced me negatively which affected my social and academic life. I got some advice from my mother and in this new academic year, I have enrolled into a new school and I know I made the right choice with my friends. As we all know, making good choices are one of the most important things in life. I also encourage others to follow that example by making the right choices.

ISP 4 CLASS ELECTIONS

The ISP4 class of Enko La Gaiete international school on September 12, 2017 gathered together during their very first Form Meeting. This meeting was headed by Mr. Navti Emmanuel, who is the home room teacher for ISP 4. One of the key points of the agenda was elections. It should be noted three posts were being contested for. That is, the class head and the assistant and finally the sanitation prefect who will ensure that our class will always be clean. At the close of voting the votes were sorted, tallied and counted. The elected candidates are:

Class head: VInine Tumbum

Assistant: Nkountchou Ryan

Sanitation Prefect Tiam Lea Marcelle.

Congratulations to all who took part in the event.

Jupsia Leslie
