

# African International Schools

## Facts + Figures 2020

# What we stand for

**Enko Education** acts for the African youth, the largest population of young people in the world: their talent, their ambitions, and their future.

We want to empower our learners, unlock their potential, enabling them to access the best universities in the world. In taking up this challenge, we share inspirations, dreams, laughter, and knowledge.

We want our learners to blossom.  
Here and now, in their studies.  
And tomorrow, in their accomplished lives.

We offer them an inclusive education, of outstanding quality, so that they can access the world's elite universities and achieve success in extraordinary careers. We build up our students' confidence. We give them the tools to help them become the architects of their own future, make a significant and lasting impact to the world of today and tomorrow.

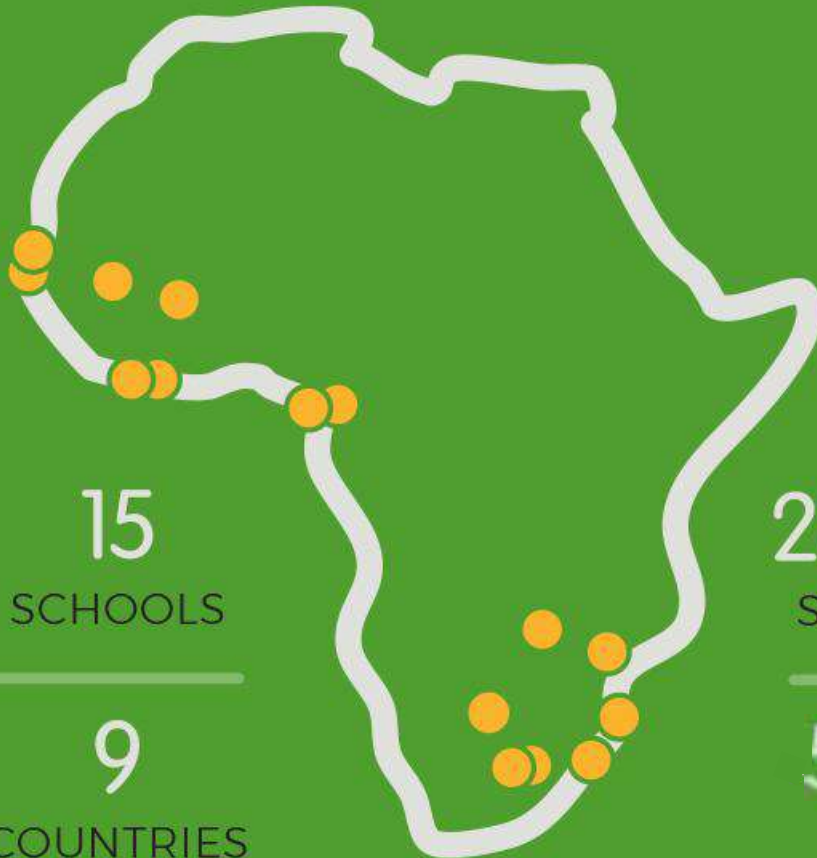

The foundations for these futures are being laid today.

Enko Education is African. Our ambition is embodied by our teams and reflected in all our schools across the continent. We are committed to respecting and celebrating the diversity of our large network of African International Schools.

And we will take our mission further. We will empower more and more people across the continent, unlocking more and more potentials to change more and more destinies. As pathmakers, we will continuously discover and try. As lifelong learners, we will always aim to improve what we've started.

At Enko Education, we believe that learning is power, we believe in our African roots and we believe that the paths we create are endless.

Enko Education is now a school operator with 15 primary and secondary schools in 9 countries, and the largest network of IB (International Baccalaureate) World Schools in Africa.

# Our Social Impact (2/2)

## Success stories

In September 2019, Enko Riviera Campus in Abidjan welcomed the best student in Ivory Coast. Last child in a family of 12, Christ-Jériel got the best grade in the country at the local CEPE exam. Enko Education is covering for 100% of his school fees. He has already embraced the IB system and his new life at Enko.

In August 2019, Enko Education raised €40,000 from the consulting firm Okan partners, to offer scholarships to 4 brilliant Burkinabe students. Linda, Daria, Pegdwendé and Médoune now benefit from up to 100% scholarships to study in Enko Ouaga Campus in Burkina Faso.

# Our University admissions results (1/2)

Since 2016, our graduates have been admitted in 61 universities in 11 countries across the world.

## Universities where our 2019 graduates enrolled
