Summer Camp 2023 at the "Land of a Thousand Hills"

Dear Parents,

We are pleased to announce that our **summer study tour at Kigali, in Rwanda, is planned for our students this summer, between mid to late June 2023 (10 days).**

The Republic of Rwanda, is located in the East Region of Africa, and Kigali is the capital city of Rwanda. It is known as the safest, cleanest and one of the most beautiful cities in Africa. This city won the UN habitat scroll of Honour in 2008 because of its innovative buildings and cleanliness. This study tour will be a great opportunity for our students to discover this unique area of Africa with several attractions and a number of activities they can engage in.

As we know, summer study tours help learners to expand their awareness of the world, to become active and lifelong learners, to engage in social activities, and enhance their collaborative skills and interaction with other cultures. Our students will learn new ideas, and take on practical tasks to sharpen their academic skills. As the region is accessible, students will have plenty of opportunities to explore and learn about this rich historic city, and its green city ideology.

The programme will include: Visit to touristic site with enriching discovery like the presidential palace Museum/state (which serves as a learning centre of Rwandan history), Kigali Public library (designed in a beautiful and unique digital manner), some international schools (Cambridge/IB), Kigali Genocide Memorial, vision 2020 city, Malls, Akagera National Park and local markets. They will also have the chance to participate in the well-known *Umuganda*, the monthly community service that promotes the city's cleanliness.
