FRIDAY	0900-0940	0940-1020	1020-1040	1040-1120				

Notes:

This timetable recreates our “real” timetable, with shortened periods of 40 minutes each. The breaks have been cut down to one and lunch, since we start later in the day and end earlier in the day. We have respected the early Friday dismissal to allow for religious activities to continue.

All students and teachers will follow their regular schedule using this timetable. Teachers will use Google classrooms, Zoom (at least twice a week) and email to conduct online instruction. Additional online resources will be used and shared with students as well. Teachers will use WhatsApp groups with class groups. However, it is not our preferred means of communication with students.

The College Counselor, CAS Coordinator and EE Coordinator will allocate meeting sessions and discussion during weekly tutor time, as we conduct them in the real timetable.

The longer, weekly tutor times will be used to discuss wellness, MH, concerns, topics of support for students regarding distance learning, the changes we are facing as a community and how to make this experience valuable.
